SUSTAINING CREATION: An Ecumenical Environment Action Kit

Produced by: ♦ Australian Catholic Social Justice Council
♦ Social Responsibility & Justice – Uniting Church in Australia
♦ Anglican Social Responsibility Commission

This kit has been primarily designed to help congregations and small groups become actively involved in working for environmental justice. There are a range of activities included, which could be used over a series of sessions after worship or at other times as appropriate. It is hoped that in working for change as a group, individuals will also be supported in their personal commitment to environmental sustainability and that church life more generally will be enriched by the energy of those working towards something positive. Even just a small change in attitude or behaviour is worthwhile change.

Materials include: ♦ Prayer ♦ Worship ♦ Reflection ♦ Action

The kit complements the Social Justice Sunday Statement and includes a summary of the statement, teachers' notes, theological reflections, activities and liturgy notes for the Mass of the Day.

An excellent resource for SCHOOLS and parish SOCIAL JUSTICE ACTION GROUPS. It is available from the ACSJC for \$5.50 (inc. GST), plus postage.
